## School Profile

Manning Elementary School offers progressive programming for kindergarten to grade six students. Extended fine arts opportunities are offered in addition to basic programming.
MES takes pride in its strong mission, vision and principal beliefs that guide instruction and school based decision making. Parents, families and community members are encouraged to take part in school activities and contribute to the positive school culture.
Manning Elementary School supports and promotes community partnerships. Housed in the annex building is the Before and After School Care. The Roots of Empathy program helps link our students to the community in a meaningful way, which helps to promote relationships and social skills. The gymnasium is also well utilized by the public to offer services and opportunities to the community. Manning Mini Gym, Pickle Ball, Manning Minor Hockey and sports rentals keep the facility busy after school hours. Connections to the local Seniors Lodge provide links to local history as well and relationship building opportunities.
Manning Elementary School is located in the northern community of Manning, Alberta. In town, the population is approximately 1400 , with an additional 4000 people residing in the outlying areas. The area's economy is based upon agriculture, oil, gas and forestry industries. The majority of families live in rural areas and most students ride the bus to school.
Manning is relatively remote, with the nearest neighbouring town being 90 km away. As a result, the local business community supports the needs of the citizens. The town contains a grocery store, several hardware stores, a clothing store, an electronics store, a movie theatre, a vehicle dealership, and several other thriving businesses. General health care services are available within the town and a doctor is always on call, but it is necessary to leave the community to access dentists, optometrists, and other medical specialists.
Manning offers many recreational opportunities. In winter months the arena complex is kept busy with hockey, figure skating and curling being offered to all ages. There is also a golf course and ski hill in the area. Youth of the community have numerous activities to choose from including soccer, softball, Junior Forest Wardens, dance classes, 4-H clubs, music lessons, Sparks, Brownies and Girl Guides, and Christian Youth Groups.

Notes:
. Data values have been suppressed where the number of respondents/students is fewer than 6 . Suppression is marked with an asterisk (*).
. Overall evaluations can only be calculated if both improvement and achievement evaluations are available.
. Results for the ACOL measures are available in the detailed report: see "ACOL Measures" in the Table of Contents.
. Student participation in the survey was impacted between 2014 and 2017 due to the number of students responding through the OurSCHOOL/TTFM (Tell Them From Me) survey tool
5. Aggregated PAT results are based upon a weighted average of percent meeting standards (Acceptable, Excellence). The weights are the number of students enrolled in each course. Courses included English Language Arts (Grades 6, 9, 9 KAE); Français (Grades 6, 9); French Language Arts (Grades 6, 9); Mathematics (6, 9, 9 KAE); Science (Grades 6, 9, 9 KAE); and Social Studies (Grades 6, 9, 9 KAE).
6. Participation in Provincial Achievement Tests was impacted by the fires in May to June 2016. Caution should be used when interpreting trends over time for the province and those school authorities affected by this event.
7. Aggregated Diploma results are a weighted average of percent meeting standards (Acceptable, Excellence) on Diploma Examinations. The weights are the number of students writing the Diploma Examination for each course. Courses included: English Language Arts $30-1$; English Language Arts $30-2$; French Language Arts $30-1$; Français $30-1$; Mathematics $30-1$; Mathematics $30-2$; Chemistry 30 , Physics 30; Biology 30; Science 30; Social Studies 30-1; and Social Studies 30-2.
8. Caution should be used when interpreting evaluations and results over time for Mathematics 30-1/30-2, as equating was not in place until the 2016/17 school year. Alberta Education does not comment on province wide trends until it has five years of equated examination data.
9. Participation in Diploma Examinations was impacted by the fires in May to June 2016. Caution should be used when interpreting trends over time for the province and those school authorities affected by this event.
10. Weighting of school-awarded marks in diploma courses increased from $50 \%$ to $70 \%$ in the $2015 / 2016$ school year. Caution should be used when interpreting trends over time.

## Measure Evaluation Reference

## Achievement Evaluation

Achievement evaluation is based upon a comparison of Current Year data to a set of standards which remain consistent over time. The Standards are calculated by taking the 3 year average of baseline data for each measure across all school jurisdictions and calculating the 5 th, 25 th, 75 th and 95 th percentiles. Once calculated, these standards remain in place from year to year to allow for consistent planning and evaluation.
The table below shows the range of values defining the 5 achievement evaluation levels for each measure.

| :---: | :---: | :---: | :---: | :---: | :---: |

Notes:

1) For all measures except Drop Out Rate: The range of values at each evaluation level is interpreted as greater than or equal to the lower value, and less than the higher value. For the Very High evaluation level, values range from greater than or equal to the lower value to 100\%.
2) Drop Out Rate measure: As "Drop Out Rate" is inverse to most measures (i.e. lower values are "better"), the range of values at each evaluation level is interpreted as greater than the lower value and less than or equal to the higher value. For the Very High evaluation level, values range from $0 \%$ to less than or equal to the higher value.

## Improvement Table

For each jurisdiction, improvement evaluation consists of comparing the Current Year result for each measure with the previous three-year average. A chi-square statistical test is used to determine the significance of the improvement. This test takes into account the size of the jurisdiction in the calculation to make improvement evaluation fair across jurisdictions of different sizes.
The table below shows the definition of the 5 improvement evaluation levels based upon the chi-square result.

| Evaluation Category | Chi-Square Range |
| :--- | :--- |
| Declined Significantly | $3.84+$ (current < previous 3-year average) |
| Declined | $1.00-3.83$ (current < previous 3-year average) |
| Maintained | less than 1.00 |
| Improved | $1.00-3.83$ (current > previous 3-year average) |
| Improved Significantly | $3.84+$ (current > previous 3-year average) |

## Overall Evaluation Table

The overall evaluation combines the Achievement Evaluation and the Improvement Evaluation. The table below illustrates how the Achievement and Improvement evaluations are combined to get the overall evaluation.

|  | Achievement |  |  |  |  |
| :--- | :---: | :---: | :---: | :---: | :---: |
| Improvement | Very High | High | Intermediate | Low | Very Low |
| Improved Significantly | Excellent | Good | Good | Good | Acceptable |
| Improved | Excellent | Good | Good | Acceptable | Issue |
| Maintained | Excellent | Good | Acceptable | Issue | Concern |
| Declined | Good | Acceptable | Issue | Issue | Concern |
| Declined Significantly | Acceptable | Issue | Issue | Concern | Concern |

## Category Evaluation

The category evaluation is an average of the Overall Evaluation of the measures that make up the category. For the purpose of the calculation, consider an Overall Evaluation of Excellent to be 2, Good to be 1, Acceptable to be 0, Issue to be -1, and Concern to be -2. The simple average (mean) of these values rounded to the nearest integer produces the Category Evaluation value. This is converted back to a colour using the same scale above (e.g. 2=Excellent, 1=Good, 0=Intermediate, $-1=$ Issue, $-2=$ Concern)

## Comment on Results

Targets were met for this goal in both the acceptable standard and standard of excellence categories. We were pleased to report that 100\% of students wrote all exams and that $100 \%$ of students achieved acceptable standards. MES exceeded the province in standard of excellence results in all areas. Our target for acceptable standard achievement is set at $100 \%$ for each subject area as we believe students have the potential to meet it.

## Comment on Results

This year we saw a slight decrease in our results for active citizenship and an increase in work place behaviors responses. $85.1 \%$ of parent responses indicated satisfaction with students modelling active citizenship. This is in comparison with $99.5 \%$ of students and $100 \%$ of teachers. In regards to work preparation, $71 \%$ of parents believed that students are taught behavious in school that will make them successful at work. This is in comparison to $100 \%$ of teachers. We continue to work towards common understanding of posed survey questions.

MES had 35 surveys returned this year in comparison to 30 the previous year. Based on this response rate, it is commendable that results continue to show "Very High" and "High".

Comment on Results
Due to suppression of results, we are unable to report on specifics for this goal. It should be noted that FMNI self-declaration has been a focus area at MES. This will hopefully allow for more examinable results in the future. Regular attendance continues to be a primary concern when instructing students.

## Strategies

Strategies are in place to support students when they are at school. Targeted communication plans are in place with families to promote student attendance. These plans include:
> Daily phone calls when a student is absent
> Homework support
> Individualized support in addition to school time
> Incentives to attend, such as classroom jobs, student of the week, and personalized goals
$>$ Focus upon sharing the relevance of subject matter
> Making community connections with FMNI leaders
> Collaboration with local support groups to assist in early learning
> Incorporation of FMNI specific content into programming (ie. Music Alive focus)

## Outcome Three: Alberta's education system respects diversity and promotes inclusion

## Comment on Results

Although we have not quite met our target in this outcome, we have maintained very high results in this area. A safe and healthy learning community for students and our school community continues to be a priority.

## Strategies

We did not quite meet our target in this area. According to the accountability surveys, families showed most satisfaction with opportunities for their children to learn about computers (100\%), art ( $93 \%$ ), music ( $100 \%$ ) and health ( $97 \%$ ). Challenges include dissatisfaction with learning another language (37\%) and drama (42\%). Drama response has shown an increase in favorability from the previous year. MES will continue to focus on better communicating the happenings of our school, community involvement and targeted professional development for all staff.

## Strategies

> Division one and two Professional Learning Communities meet for 60 minutes every second week.
$>$ School professional development plan is based on staff-identified needs and links with school and divisional plans
> Use of subject specialist teachers when possible
> Travelling art gallery displays
> Assemblies, concerts, public speaking
> Health presentations by Community Health Services
> Morning exercise program and scheduled movement breaks
> Violin program
> Targeted keyboarding and technology instruction at all grade levels
> Innovative use of technology
> Intramurals, track meet, morning exercises, QDPA, outside education programs
$>$ Community involvement through music program, sports mentorship programs, arena, pool, curling

## Comment on Results

Manning Elementary School came close to meeting its goals in all three areas. A decrease of $6 \%$ was noted in indication of schools improving or remaining the same over the past three years. We are maintaining high targets for both performance measures as we continue our efforts to involve parents more directly in the implementation of our school goals, and to enable parents to more fully support their children towards success in school.

## Strategies

> Online programs such as Accelerated Reader and XtraMath
> Explore blended learning opportunities (ie. VC, webcams, collaboration) for specialized services (ie. speech, PT, OT, mental health consults) when needed
> Explore the use of online tools (Google Classroom, Class Dojo) for parental input and access
> Parent contact is made quickly when student safety is in question, and learning team meetings with parents address concerns about student safety
